

Anna Lindqvist

Senior Backend Engineer

Gdańsk, Poland · anna.lindqvist@example.com · +48 600 000 000 · linkedin.com/in/annalindqvist · github.com/alindqvist

Summary

Backend engineer with 9 years building payment and ledger systems in Go and Python, most recently leading a four-person platform team at a fintech scale-up. Strong on distributed-systems correctness, observability and pragmatic cloud cost control. Comfortable owning a service end to end, from design review to on-call.

Experience

Senior Backend Engineer, Platform — Nordpay, Gdańsk, Poland (hybrid) Mar 2021 – Present

Payments infrastructure for 2M+ merchants across the Nordics.

- Led the migration of the settlement ledger from a monolith to five Go services on Kubernetes, cutting p99 settlement latency from 4.2 s to 380 ms.
- Designed the idempotency and retry layer used by all payment APIs; incident count attributable to duplicate processing dropped to zero over 18 months.
- Introduced OpenTelemetry tracing and SLO-based alerting; on-call pages fell by roughly 60 %.
- Mentored three engineers; ran design reviews for the platform group.

Stack: Go, Python, PostgreSQL, Kafka, Kubernetes, AWS, Terraform, OpenTelemetry

Backend Developer — Baltic Software House, Gdańsk, Poland Jun 2017 – Feb 2021

- Built and operated a multi-tenant invoicing API (Python/Django, PostgreSQL) serving 40 B2B clients.
- Owned CI/CD on GitLab; brought deployment frequency from monthly to daily.

Stack: Python, Django, PostgreSQL, Redis, GitLab CI, Docker

Web Developer — Freelance, Remote 2015 – 2017

- Delivered ~20 small web applications for local businesses (PHP, JavaScript).

Skills

Languages	Go, Python, SQL, TypeScript
Platforms & infrastructure	Kubernetes, AWS (EKS, RDS, SQS), Terraform, Docker, GitLab CI
Data & messaging	PostgreSQL, Kafka, Redis
Practices	Distributed systems design, Observability (OpenTelemetry, Grafana), Incident management, Technical mentoring

Education

MSc, Computer Science — Gdańsk University of Technology 2010 – 2015

Certifications

AWS Certified Solutions Architect – Associate, Amazon Web Services · 2023

CKA – Certified Kubernetes Administrator, The Linux Foundation · 2022

Languages

Polish – Native · English – C1 · Swedish – B1
